

Bethel Community Church in Barrie ON is seeking a **Church Replanting Missionary**

**Position Description:**

Bethel is located in the North East areas of Barrie, ON. The area is characterized by a diverse racial and social-economic background with many unchurched people within short distance from our location.

Bethel is looking for a church replanting missionary who has a heart for God, for His people and for the unreached. The main function will be to spearhead the replanting process within the church. Bethel has a strong but aging core of 40 believers who desire to see a discipleship movement to impact the community with the gospel. Our Sunday morning contemporary service is available online, and there are weekly opportunities for one-on-one discipleship/mentoring and a few small groups, but unfortunately few community service ministries due to the pandemic.

Bethel is looking for someone who knows God's call to be a replanter and who has the requisite skill-set, specifically a disciple-maker who has a passion for the lost, is strong in relationship-building, and is able to envision and begin new ministries and outreach strategies, etc. This individual should have pastoral ministry experience, must meet the biblical pastoral qualifications and must be in agreement with Bethel's evangelical faith and mission.

This position is initially envisioned as a missionary role, ideally transitioning to a pastoral position after 24 months. The planter will work closely with Bethel's Council and Pastor to determine the appropriate strategies for sustainable long-term growth.

Resumes should be sent to Search Committee at [repsearch@bethelbarrie.ca](mailto:repsearch@bethelbarrie.ca). Compensation to be negotiated.
